

GROUNDWORK LEADERSHIP

*Developing leaders for the church,
for its good, and for its mission.*

You know that you're supposed to lead Biblically in all realms of your life, but what does that even mean?

Groundwork Leadership is a Biblical eight-session program designed for church members who are leading or aspiring to lead in the church, home, community and business world.

Monthly sessions are composed of:

-  **Fellowship Meals:** Enjoy great food and build strong connections with fellow aspiring leaders.
-  **Biblical Teaching:** Learn about topics selected to address the character, mission and practice of a leader.
-  **Book Discussions:** Explore how leadership principles apply to your life and your role in the local church.
-  **Monthly Challenges:** Put your learning into action with practical challenges.
